

Panorama Masks

The Draeger Panorama series masks have been designed to perform in a wide range of applications for industry. Its triple edge sealing design provides excellent fit and comfort in one size. Along with excellent range of vision, this mask offers clear man-to-man communications via a stainless steel speech diaphragm. Centrally located cartridge/canister connection provides comfort without hindering the wearers movement. Mask includes installed nosecup to control air flow and eliminate lens fogging. Five point headstrap is infinitely adjustable.

Mask body is available in EPDM (ethylene propylene dimonomer) or soft contouring silicone.

Available with stainless steel lens retainer or with black plastic retainer to reduce reflective surfaces.

The Panorama masks accept the full range of Draeger cartridges and canisters.
