

# Airline Hose

## Maintain NIOSH Certification With Draeger Airline Hose

To maintain the NIOSH certification on Draeger Safety's supplied air products (including SAR, ALE-Escape and ALE-CSE) always use NIOSH approved Draeger Safety supplied air hose.

Because individual requirements differ, Draeger Safety offers two types of supplied air hose. Both types of hose are NIOSH approved for use on all Draeger supplied air products. The NIOSH approval is valid for up to 300 feet in any combination of section lengths (but not to exceed 12 sections). Our heavy duty hose stands up to very grueling environments, and to more chemical hazards than our lightweight hose. The lightweight hose is approximately 40% lighter and easier to maneuver.

- Smooth outer surface for ease in cleaning
- Heavy duty hose is extra kink resistant
- Lightweight hose is lighter and more cost effective
- Ready to accept quick disconnects

## Technical Data

	Heavy Duty	Lightweight
Material	Neoprene	PVC
Rated Pressure	300 PSI	250PSI
Burst Pressure	1200 PSI	1000 PSI
Recommended Operating Temperature	-40 to 200°F	-40 to 150°F
Weight per 50 ft Section	9.25 lbs	5.5 lbs
Color	Black	Black
Inside Diameter	3/8"	3/8"
Outside Diameter	.75"	.69"
Abrasion Resistance	Good	Excellent
Kink Resistance	Excellent	Good
Ease of Cleaning	Good	Excellent
Ease of Decontamination	Good	Good
Chemical Resistance	Good	Good

## Order Information

## Part Number

Hose Length	Heavy Duty	Lightweight
5 feet	4059357	4059357L
25 feet	4059061	4059061L
50 feet	4059062	4059062L
75 feet	4054854	4054854L
100 feet	4059063	4059063L
